Local Self Government (Public Health) Department.

~~Sir,~~

pp 3-4 infra

Reference: Petition of the Public of Perdur and the neighbouring villages dated 28-3-33 addressed to the Hon'ble the Minister for Public Health.

--

Forwarded.

2. The daily average attendance of patients treated at the Subsidised Rural Dispensary, Perdur during 1929, 30 and 31 viz., 8.60, 7.85 and 9.50 respectively does not justify the retention of the dispensary. I do

not therefore recommend the retention of the same. The Government have requested the Presidents of Taluk Boards concerned to select suitable places in consultation with the District Medical Officers for the opening of new dispensaries in lieu of those ordered to be closed on account of low attendance. The President, Taluk Board, Udipi may, therefore, be requested to select some other suitable village in consultation with the District Medical Officer for the opening of a new Subsidised Rural dispensary, in lieu of Perdur, ordered to be closed.

C. A. Spawn

Major-General, I.M.S.,

MADRAS.

Through:

The District Medical Officer,

MANGALORE.

Humble petition of the Public of
Perdur and the neighbouring Villages.
Dated 28th March 1933.

Most Honoured Sir,

Having come to know that the Rural ---- Dispensary at Perdur will be closed on 9-9-1933 we the ---- undersigned beg to submit the following facts :-

If the Rural Dispensary is closed we will have to go for Medical aid either to Udipi or Karkal, the former being 12 miles and the latter 20 miles from this place. Besides in the rainy season the communication with the above places is extremely difficult or nearly impossible; because the Two rivers Puthige and Shivapur become flooded.

When the Rural Dispensary was opened here in 1929 there was a famous Ayurvedic Physician namely Puttanna ---- Hebbar. But in 1931 he expired, so that the poor will have no medical aid at all, in case the Dispensary is closed. Now the Daily average Attendance has doubled as seen from following statistics.

Year.		Total attendance		Daily average.
1929	...	2443	...	6.6
1930	...	2789	...	7.6
1931	...	3539	...	9.6
1932	...	5352	...	14.6

There are every chances of its being doubled this year. Because this Dispensary was the first of its kind in this place and we were not aware of the superiority and --- advantages of the Allopathic Medicine but now we are fully convinced of the same.

The Collector of South Kanara gave last year to the Taluk Board Udipi a portion of the Police compound and building for the use of the Dispensary. It will be taken back if the Dispensary is closed.

This place whose population is nearly 6000 is a very Malarious one, so much so, that the Government has sanctioned free distribution of Quinine here; and there are so many cases of Malaria and Pneumonia that a Dispensary is quite essential here for immediate medical aid.

There is a renowned and ancient Temple here and every month there is a festival namely " Sankranti " and an annual Car Festival when thousands of people flock here. So, a Dispensary is quite necessary here in cases of ---- emergency such as out-break of Cholera or any Traumatic accidents.

In conclusion we pray that, considering the above facts Your Honour may be pleased to retain the Dispensary at Perdur, for which act of kindness, we shall, as in duty bound, ever remain grateful.

We beg to remain,

Most Honoured Sir,

Your most obedient servants,

B. Krishnayya Hegde - Landlord &
Member, District Board,
S. Canara

P.T.O.

To. Ref No. 512-D/33.

Forwarded -

As the daily average number of ~~Ba~~ patients treated during the year 1929, 30 and 31 have not come up to 12, I do not recommend the dispensary to be retained.

OFFICE OF THE SURGEON-GENERAL - MAY 1933 - MADRAS GOVERNMENT

ENCLOSURES.
No. 1
Spare copies

R/C No. 179/33

Station Udipi., Dated the 10th April 1933.

From (Name) M.R.Ry H.Ramayya Shetty Avl.,
(Designation) President, Taluk Board, Udipi.

To The Secretary to the Government of Madras,
Local Self Government Department.

Through The Surgeon General with the Government of Madras.

Through The President, District Board, South Kanara.

Sir,

I have the honour to submit herewith a copy of the resolution No. 501/31-3-1933 of the Taluk Board and to state as follows : -

2. G.O.No. 300 P.H., though dated 9-2-1933, was actually received by me on 6th March 1933 and I had -- scarcely sufficient time to issue the 6 months' notice to the respective Medical Practitioners as required by the G.O. However, I have given them a notice on the 8th March 1933, informing them that the said dispensaries will

be closed from 9th September 1933 and that no subsidy will be paid to them from that date.

3. It is really a surprise to me, as one would really feel it, that the Government have peremptorily ordered the permanent closure of the dispensaries without consulting the Taluk Board, under whose control the dispensaries are.

4. I beg to bring to the notice of the Government that the inclusion of Kaup in the list of dispensaries to be closed is on account of some unfortunate mistake. A perusal of G.O.No. 300 P.H., dated 9th February 1933, would show that Government intended closure of dispensaries having a daily average attendance of less than 12 and the dispensary cannot under any circumstances come under this catagory; because the dispensary at Kaup had a daily average attendance of 20.36 in the year 1931 and 20.14 in the year 1932. The daily attendance for Kaup as published in the annual administration report of Civil Hospitals is 20.36 for the year 1931. The figure for 1931 may, if necessary, be verified by reference to the District Medical officer, South Kanara, who is in possession of the quarterly returns. Since the fact that Kaup had a daily attendance of more than 20 for both the year 1931 and 1932 can be easily proved either by referring to the District Medical officer or by reference to annual report of Civil Hospitals for 1931, I submit that the inclusion of Kaup must be on account of some Clerical error and the dispensary that has been doing splendid work at Kaup ought not to be closed because of some clerical error.

Orders retaining the dispensary at Kaup have been issued in G.O. No. 844 PH dt. 20.4.34 (B)

5. In this connection I may be permitted to bring to the notice of Government, that I paid a number of visits to the dispensary and found that the dispensary was doing splendid work for the poor. I may also be permitted to bring to the notice of the Government that prior to the opening of the rural dispensary in 1930, there was no Medical institution between Udipi and Moolky for a distance of 18 miles -- either Government or local fund for the free treatment and

free supply of medicine for the poor public and Kaup is a central place between the above stations. Further the area between Udipi and Moolky is very vast and one of the most -- thickly populated having a population of about 15000. I can bear testimony to the fact that the Practitioner at Kaup as well as the midwife attached to the dispensary are both doing splendid work, the number of labour cases attended to being above 72 for 1932. The proposed closure of the dispensary at Kaup will be a real calamity as it will be tentamount to a denial of free medical aid to the necessitous poor in that area for whose benefit the rural medical scheme is intended. Therefore I submit that for these reasons as well as for the reasons that the inclusion of Kaup in the list of dispensaries to be closed is on account of some clerical error as the daily average attendance for Kaup is 20.36 for 1931, 20-14 for the year 1932 the Government will take steps to rectify the unfortunate ~~defect~~ mistake and exclude Kaup from the list of dispensaries to be closed.

6. As regards the Perdoor dispensary, I beg to submit that the dispensary had undoubtedly no sufficient attendance since its start in 1929 till 1931. It is, I think, chiefly due to the ~~ø~~ lack of faith in allopathic medicines among the people who are mostly illiterate. I am given to understand that these people were seeking medical aid from an unqualified Ayurvedic Physician Puttanna Hebbara by name. Since his demise in 1931, the dispensary has begun a new lease of life and people now resort to this rural dispensary alone. The daily average attendance of this dispensary in 1932 is reported to be 14.6 . I may here state for the information of the Government that Perdoor is a village with a population of about 6000. It is a malarial place and there is no dispensary public or private, Ayurvedic or allopathic for a radius of about 8 miles. This is a festival centre declared by the Director of Public Health where thousands of people attend the Sankranthi festival held every month. In these circumstances, the Taluk Board considers

that in the interest of the public, a dispensary at Perdoor also is quite essential.

7. As the object of the rural medical scheme is to bring medical aid within easy reach of the villagers and as this object will be frustrated if the two dispensaries are closed, I request that the Government may be pleased to reconsider their order and allow the continuance of the dispensaries at Kaup and Perdoor.

I have the honour to be,

Sir,

Your most obedient servant,

for President.

Ref:- Letter Ref.C. No. 179/33/U.T.B. dated 10-4-33 of the President, Taluk Board, Udipi, with the endorsement of the President, District Board, South Kanara, regarding retention of subsidised rural dispensaries at Kaup and Perdur.

---

fp 1-2 ff 8-0rro 1062 P W 15/5/33

Forwarded in continuation of this office In. P.51 dated 3-5-33 forwarding with my remarks the petition dated 28-3-33 of the public of Perdur and the neighbouring villages addressed to the Hon'ble the Minister for Public Health for the retention of the subsidised rural dispensary at Perdur.

2. As already reported and in view of the very low

low attendance of patients treated at the subsidised rural dispensary, Perdur, there is no justification for the retention of the dispensary. The President, Taluk Board, Udipi, may be requested to select some other suitable village in consultation with the District Medical Officer, South Kanara, for the opening of a new dispensary in lieu of Perdur ordered to be closed.

3. As regards the subsidised rural dispensary at Kaup, the Government in G.O. No. Ms. 844 P.H. dated 20-4-33 have directed its deletion from the statement of subsidised rural dispensaries ordered to be closed and appended to G.O. No. 300 P.H. dated 9-2-33.

Humble petition of the Public of Perdur and the neighbouring Villages.

Dated 28th March 1933.

Most Honoured Sir,

Having come to know that the Rural -- Dispensary at Perdur will be closed on 9-9-1933 we the undersigned beg to submit the following facts :-

If the Rural Dispensary is closed we will have to go for Medical aid either to Udipi or Karkal, the former being 12 Miles and the latter 20 Miles from this place. Besides in the rainy season the communication with the above places is extremely difficult or nearly impossible; because the Two rivers Puthige and Shivapur become flooded.

When the Rural Dispensary was opened here in 1929 there was a famous Ayurvedic Physician namely Puttanna Hebbar. But in 1931 he expired, so that the poor will have no medical aid at all, in case the Dispensary is closed. Now the Daily average Attendance has doubled as seen from following statistics.

Year.		Total Attendance.		Daily average.
1929	...	2443	...	6.6
1930	...	2789	...	7.6
1931	...	3539	...	9.6
1932	...	5352	...	14.6

There are every chances of its being doubled this year. Because this Dispensary was the first of its kind in this place and we were not aware of the superiority and ---- advantages of the Allopathic Medicines but now we are fully convinced of the same.

The Collector of South Kanara gave last year to the Taluk Board Udipi a portion of the Police compound and building for the use of the Dispensary. It will be taken back if the Dispensary is closed.

This place whose population is nearly 6000 is a very Malarious one, so much so, that the Government has ----- sanctioned free distribution of Quinine here; and there are so many cases of Malaria and Pneumonia that a Dispensary is quite essential here for immediate medical aid.

There is a renowned and ancient Temple here and --- every month there is a festival namely " Sankranti " and an annual Car Festival when thousands of people flock here. So, a Dispensary is quite necessary here in cases of ---- emergency such as out-break of Cholera or any Traumatic accidents.

In conclusion we pray that, considering the above facts Your Honour may be pleased to retain the Dispensary at Perdur, for which act of kindness, we shall, as in duty bound, ever remain grateful.
